DETAILED ACTION

Claim Objections

Claim 1 is objected to because of the following informalities: In claim 1, lines 20 and 21 is not clear because the two actives surfaces are claiming concave shape and it should be one concave shape and one convex shape. Additionally, the examiner believes that the two distinct parts in each prosthesis element define the spherical cap instead of the active faces on the first and second prosthesis. Appropriate correction is required.

Allowable Subject Matter

Claims 4 and 15-18 are allowed.

Claims 1, 3, 6-10, 12 and 13 will be allowed when the objection is fixed.
